## The concert weekend of the Camerata in the Slovak Republic

The choristers from Wieliczka partook in the gala concert in the civic theatre where they performed along with the two Slovak choirs - the Town of Zvolen Choir and an ensemble from Brezno. They've also partook in the open-air concert and gave a 40 minutes long performance in the concert hall of the town of Sliač.

The Camerata has also participated in the Sunday holy service in Zvolen.

The Camerata was especially warmly applauded after the performance of J.F.Handel 's "Alleluia", "Alleluia" by R. Twardowski, Mazurka by S.Moniuszko from the opera "The Haunted Manor", negro spirituals "Freedom" and the folk songs.

The great concert appearances made by our choir in the Slovak Republic were a great chance to present our town in the best possible way. It was possible thanks to the financial aid of the Wieliczka Town and Municipality.
