The Family Day

The parents had a chance to admire the stage performance of their children.

The first to perform for their parents were the kindergarten children who presented themselves with great eagerness and dedication.

Subsequently, the children from the 2nd and 3rd division presented themselves reciting poetry, singing songs, dancing and performing a beautiful interpretation of Joseph Strauss' Polka op.269. All of the children also participated in the sports tournament where everyone was the winner and received a prize. Numerous attractions, gifts, surprises and a common grill as well as dances and games conducted by the dance leader were the next parts of the event's scenario. The children joyfully played together with their parents.
